Building *unity* out of DIVERSITY

Dear Friends:

The following pages show how many ways Dubuque's Multicultural Family Center is a vibrant, innovative, and growing contributor to our city's quality of life.

The MFC's mission to empower all Dubuque families and community members to reach their potential and to build unity out of diversity has taken on special significance as the City continues its national award-winning Inclusive Dubuque initiative. As local businesses, educational institutions, religious organizations, and nonprofits have networked to enhance inclusiveness, the MFC continues to be the "go-to" public/private partnership to help incubate, support, and host multiple cultural events and programs.

In 2015, under the leadership of Interim Director Sarah Petersen, the MFC served more community members, offered more programs, attracted more corporate and individual investors, and, as a result, enriched more lives than ever before.

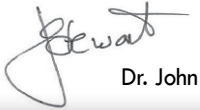
Over the past several months, for example, I have learned through MFC events and programs that weddings in India are opportunities for thousands of guests to celebrate over a five-day period. I have watched a dozen Marshallese women dance to indigenous music in flowing blue-green gowns that they fashioned with fabric provided by the MFC. I have been inspired by almost 50 African American teenagers energetically engaged in resume development, leadership training, and mock interviews to prepare them for summer jobs. I have learned from one of Dubuque's transgender spokespersons about the challenges faced every day by members of her community. In all these ways, I have deepened my multicultural awareness and understanding, without being charged a fee and without leaving Dubuque.

You can do all this, too! In the pages that follow, you will read about and see photos of the people involved in many of these events and programs. You can also follow us on Facebook (www.facebook.com/MulticulturalFamilyCenter) and by visiting our new website (www.mfcdbq.org).

We hope this Annual Report helps you experience some of the energy and excitement of the MFC, and encourages you to be a part of it. There are opportunities for you to help host events, to create and offer cultural programming, to volunteer for programs, to join one of the MFC's operating committees, and to support the MFC financially.

Our home in The Ruby Sutton Building at 1157 Central Avenue is a great place to share with people like you, enjoy and learn from people who are different from you, and help weave the rich cultural tapestry that is greater Dubuque. Drop by to see our new "Ruby Sutton" and "Cultures of Dubuque" displays and to meet our friendly staff or join us for one of our programs or events.

With sincere appreciation,



Dr. John Stewart, President
